*this finish comes with subtle gold accents (this gold is not gold leaf). The gold is lightly added to the carved parts of the item. When ordering if you do not want the gold accents added please note so on your PO.

***add 20% upcharge to the listed price for using this finish on the entire product. There is no upcharge for combination finishes (i.e. SF/GL, IB/HG etc.)

Notes

- A complete set of color sample chips is available for \$50.
- All of our finishes are hand applied. Due to the custom nature of our finishes, a 10% variation can occur.
- For combination finishes (i.e. SF/GL, IB/HG etc), the product is completely finished in the first finish listed. The second finish is used to highlight, or accent, relief parts on the product. If a product is mainly flat with little or no relief carving, then this second finish will not show up and we would recommend using a non-combination finish.
